

KEELER PROFESSIONAL CARE

free 1st Keeler Service
and Calibration
by an experienced Keeler engineer

on all Pulsair Tonometers

With any new Keeler Pulsair tonometer, you will get a free first on-site service and calibration by an experienced Keeler engineer*. **To book your free first service, register your Keeler Pulsair tonometer by calling 0800 521 251 (option 2).**

Your Keeler Pulsair tonometer also comes with 2-year warranty including parts and labour.

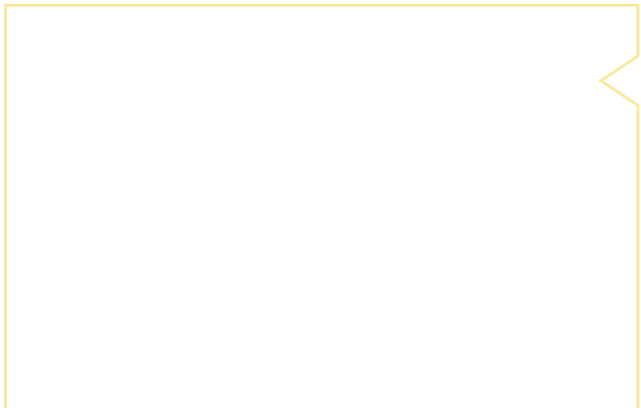

*Must be within 12 months of purchase, proof of purchase required.

Caring at Keeler means being naturally helpful, reliably professional and personally committed. In the UK, Keeler has an experienced team of service engineers who are dedicated to ophthalmic instrument care.

We provide professional product servicing and calibration with our products so you can have absolute confidence in delivering the best care to your patients.
